A beautiful town to call home

Set on East Lothian's North Sea Coast, with a distinct and charming character of its own yet just 28 miles from Edinburgh, it's easy to see why Dunbar is so sought-after. With a history dating back some 400 years, the town's fishing heritage is clear to see, at the 17th century Cromwell Harbour and at Victoria Harbour. Today, you'll be spoiled by the beautiful sandy beaches which are perfect for family picnics and leisurely walks.

Reported to be one of the sunniest places in Scotland, the town is a popular destination with a welcoming close-knit feel, and a centre that's replete with independent shops and boutiques, pubs, restaurants and cafes.

What our customers say

“ We weren't looking to buy a new house originally but once we booked the appointment and saw it, we knew immediately we wanted it.

We fell in love with the style of the house right away as it ticked all our boxes.

I have my own office where I can work from home and the kids have their own bedrooms which are all the same size so there were no arguments about who gets which room.”

Sustainability the Cala way

Cala has a rich heritage originally dating back to 1875. We started building homes in the 1970s and, for over 50 years, have been creating high quality, sustainable new homes and communities. However it is not just what we do, but the way we do it that matters to Cala.

As part of our sustainability journey we are aiming to reduce our paper usage by 90% across the company, including the customer journey, which is why we are aiming for online only brochures at our developments.

Thinking sustainably is at the heart of everything we do; from identifying the right sites, through creating a safe, healthy and fulfilling working environment, to taking a sensitive approach to development and delivering communities that meet local requirements.
